

Construction Update – 18th August 2017

Works will be commencing on Monday 21st August to Central Ave and Davy Road, which will involve tree removal and demolition of the Central Medians.

These works are required in order to maintain traffic flow through the precinct whilst completing essential Infrastructure upgrades down Central Avenue. This work is in relation to the high voltage electricity supply for the new buildings.

These medians will be reinstalled with new mature trees and planting as part of the overall Public Domain upgrades.

At no stage will the road be closed off to vehicles or pedestrians. Traffic control will be in place at all times and traffic flow will be maintained.

If you have any questions or concerns, or if you require more information, please contact me at atp.communications@mirvac.com or call 1800 870 549.

Kind regards, Kim
